Comfort Zone Luxury Sober Living

The **Comfort Zone** is a luxurious coed soberliving home located in the lovely community of Winnetka. I first opened the doors to this family style clean and sober house for men and women in October of 2005

Amenities include a beautiful pool, spa and a professional style gym. There are only a limited number of beds available, each of the beds is a cherry wood slay bed (there are no bunk beds here).

The home is newly constructed and professionally decorated. This is a huge 3800 square foot home built on a 16000 square foot lot. The property is very private, completely surrounded by a 6-foot fence with electric gates.

The amenities include a large pool and spa. You will enjoy hours of relaxation and meditation time by the koi pond. There is a game room with a beautiful Brazilian slate pool table and a state of the art online cable computer with wireless networking.

Additionally, we offer 5 home cooked meals a week.

We can help you with any pre-existing legal problems. We work in conjunction with the courts as well as several existing treatment centers. Our Goal is to provide a safe and elegant surrounding where our new family members may indulge themselves in quality recovery and a chemical free sober living environment. These surroundings will help recovering addicts and alcoholics to maximize opportunities in their journey back to recovery.

If you feel like you need some help staying clean and sober and you don't believe you need drug/alcohol rehab; if you are leaving detox or a treatment center; If you are unhappy with your current clean and sober house, been sentenced to transitional living and do not want to end up in a sub par halfway house full of hard nosed individuals just out of prison, then I suggest you give us a call. You can enjoy this luxury sober living house for as little as **\$210** per week or **\$840** a month.

Mission Statement

Our mission is to encourage the men and women, new to our family, to seek guidance through 12-step programs, structured house meetings and peer support while we provide a safe and healthy atmosphere for recovery in one of the highest quality sober living homes in the San Fernando Valley. We will be there, as your new family, to hold your hand through every step of your recovery process. Finally, that when you leave us, you may go on to enjoy your new life free from drugs and alcohol.
